Free Arm Workout Plan

Welcome to How To Gym! This free arm workout targets your biceps, triceps, and shoulders in one focused session. Use it as a standalone workout or add it to your existing training split. Rest 60-90 seconds between sets.

WHAT YOU NEED

Dumbbells (moderate weight)
Cable machine or resistance band (optional)
Bench or sturdy chair
15-20 minutes total

WARM-UP (5 MIN)

30 sec arm circles (forward and backward)
15 band pull-aparts or light rows
10 push-ups (knees if needed)
10 light dumbbell curls (warm-up weight)

THE WORKOUT

1. Dumbbell Bicep Curl 3 sets x 10-12 reps Rest 60s
2. Overhead Tricep Extension 3 sets x 10-12 reps Rest 60s
3. Hammer Curl 3 sets x 10-12 reps Rest 60s
4. Tricep Kickback 3 sets x 12-15 reps Rest 60s
5. Lateral Raise 3 sets x 12-15 reps Rest 60s
6. Alternating Curl 2 sets x 10/arm Rest 60s

EXERCISE NOTES

Bicep Curl: Elbows pinned at sides, full range of motion, no swinging.
Overhead Extension: Keep elbows close to head, lower weight behind head.
Hammer Curl: Neutral grip (palms facing each other), control the descent.
Tricep Kickback: Hinge forward, upper arm parallel to floor, extend fully.
Lateral Raise: Slight bend in elbows, raise to shoulder height, slow lower.
Alternating Curl: One arm at a time, squeeze at the top of each rep.

HOW TO PROGRESS

Week 1: Focus on form, use a weight you can control for all reps.
Week 2: Add 1-2 reps per set before increasing weight.
Week 3: Increase weight when you hit the top of the rep range easily.
Repeat this workout 1-2x per week with at least 48 hours between sessions.

COOL-DOWN

30 sec cross-body shoulder stretch each arm
30 sec overhead tricep stretch each arm
30 sec doorway chest stretch
